ADRIAN P. FRAUSTO

SUMMARY

To obtain a position where I can use my skills, experience and abilities to benefit my employer, while providing me with career opportunities to maximize my potential and gaining experience. I want to be able to gain more skills wherever I may be so that I can not only be efficient in my work and for my own benefit, but to also be efficient & beneficial to my employer as well.

SKILLS

PROJECTS

EXPERIENCE

Frito-Lay – Warehouse Associate – Picker/Loader

Jan 2023 – PRESENT | Modesto, CA

- Various locations to work in, within the department.
- As a picker, you grab a box and receipt and begin to pack the boxes with specific, and certain amount of bag of chips
- As a loader, you load 28 or 53 feet long trucks throughout the night. Usually 3K+ a night
- In Retail / ASRS, you pick out a specific and certain amount of fully encased boxes full of chips.
- In KDs (Knock Downs):
 - you spend the night sorting between “good” and “bad” boxes – refolding big boxes, breaking down small ones, throwing away damaged boxes.
 - Refilling machines that automatically fold boxes
 - Replenishing lines with boxes for pickers to use
 - Using pallet jacks to transport pallets of boxes that need to be folded
 - Wrapping up unnecessary pallets of boxes with shrink wrap for export
 - Placed orders for forklifters to deliver/retrieve pallets
 - Fixed jams on the lines

Target – *Inbound Expert*

Sept 2022 – Dec 2022 | **Turlock, CA**

- Unload trucks in a safe manner, load onto gravity conveyor
- Lift up to 50 pounds
- Sort and stock boxes onto a designated U-Boat or flatbed
- Sort bulk products onto pallets
- Take full U-Boats to sales floor and stock product
- Move bulk pallets onto floor operating a pallet jack
- Backstock what can't be stocked on shelves inside the backrooms
- Follow safety procedures at all times
- Handle defective products in a safe manner, toss defective items, and dispose of chemical products accordingly and responsibly
- When on the floor during hours of operation, greet guests and help out when asked

One Plant – *Sales Associate*

June 2022 – Sept 2022 | **Atwater, CA**

- Greeted customers & offered assistance on what they may be looking for within the store.
- Make sure the store is clean, sanitized, & presentable.
- Make sure the product is stocked on the hangers, & racks within the refrigerators.
- Processed customer transactions
- Organized new merchandise
- Helped ensure customer satisfaction

Mountain Mike's Pizza – *Delivery Driver | Customer Service Rep.*

Nov 2020 – Jun 2022 | **Merced/Atwater, CA**

- Deliver customers' food in your own, insured vehicle.
- Use GPS/Map to navigate and locate the customer's address.
- Calculate change when customer pays in cash.
- When not on delivery:
 - as an opener, help prep what kitchen needs in the morning, and help with front work.
 - as midday driver, help with keeping dishes clean, and sanitize the sinks, the dishwasher, the mats.
 - as a closer, clean all dishes, all utensils, the cutting boards, the salad bar containers, and sweep and mop the back area and walk-in.
- Fold boxes, take customer orders, keep the environment clean, and work cooperatively.

Amazon / 3rd Party Co. – *Delivery Driver*

Aug 2020 – Dec 2020 | **Manteca, CA**

- Must be able to operate a vehicle.
- Enter the off-site and acquire a designated van.
- Bring a van to the load station and load the van with totes filled with packages.
- Travel along the delivery route to deliver to customers.
- Carry packages up to 50 pounds to designated delivery locations.

- Ensure safe driving along routes as traffic may vary, and various roads may be bad.
- Must be able to navigate a GPS.
- Coordinate with dispatch if necessary.
- Bring the van back to station to offload and then back to offsite.

Domino's Pizza – *Delivery Driver | Customer Service Rep.*

Mar 2020 – July 2020 | **Atwater, CA**

- Deliver Product by car, and then to the customer's door.
- Must be able to read a map/navigate using a GPS and locate addresses.
- Must be able to calculate and return any change necessary that must be given back to the customer at the delivery.
- Must be able to attentively listen and communicate with the customer when taking their order.
- While at the drive-thru, confirm orders, ask whether they have been paid for or not, and handle credit cards/cash, then hand over the customer's food.
- If needed, help on makeline or help with boxing food coming from the oven.
- Handle different driver "chores," depending on the shift.
- Sanitize, fold boxes, clean dishes, sweep/mop, stock dip cups and sodas, handle shipment, prep food, etc

Autism Learning Partners – *Behavioral Technician*

Mar 2019 – May 2020 | **Turlock/Merced, CA**

- Work with clients in their homes, helping them learn how to communicate, learn, play, and use appropriate behaviors, as well as reducing unwanted/inappropriate behaviors.
- Learn directly from Board Certified Behavior Analysts (BCBA) how to provide therapy to clients and their family in need of support.
- Teach communication skills, social skills, self-help skills, and play skills through Applied Behavior Analysis (ABA) principles.
- Accurately Record Treatment Data.
- Maintain confidentiality of all clients and professional conduct at all times.
- Using time management to plan out a session with clients, as well as be organized in order to find materials needed for session

ROP: Applied Technology – *High School Student*

Jan 2015 – June 2015 | Jan 2016 – June 2016 | **Ceres/Atwater, CA**

Develop a knowledge of coding: the vocabulary, each function of the words when put into use in the developer program

Become familiarized with different coding software or development applications such as Unity, & notepad, and followed along with instructional video

Auto Mechanics (Non-ROP) – *High School Student*

Aug 2014 – Dec 2014 | **Merced, CA**

Develop a knowledge of auto parts, and the measurements in fractions.

Studied the different vehicle systems, and major components of the vehicle like the transmission system, the engine, the exhaust, and break systems, etc.

Must be able to work safely and communicate with others in a crowded, team-oriented environment.

Operate on customer's vehicles, performing the necessary tasks needed:

- Oil changes
- Tire rotations and patches
- Breaks
- Suspension systems
- Exhaust systems
- Vehicle lights

Bigger tasks, or specific group tasks were observed, unless you were participating
